The decision to build an official Chabad Center in Tokyo, Japan

Current Status of Chabad House:

- The existing Chabad House is a simple 3 - bedroom Japanese style house with very limited space for functions.
- The number of visitors has been steadily increasing, and the local community is Baruch Hashem becoming more active, putting a strain on the limited space of the Chabad House.
- Dining room can only accommodate 20 people, and we regularly overflow into the kitchen.
- The office area/shul can only accommodate about 20 people (standing-room only).
- School space is not adequate for number of children currently enrolled.
- Requests for kosher meals-to-go have been increasing, and the simple Japanese kitchen at the house is not adequate to keep up with this demand.
- **On average, more than 200** people attend our holiday programs, outpacing our existing budget for event space.

The vision of the new Chabad Center of Tokyo

Location

- The new center is located in central Tokyo, in the Shirokane Takanawa district, an area rich with hotels of all prices, and near the popular areas of Roppongi, Azabu-Juban, and Shinagawa.

Hebrew School

- **The 2 highly skilled teachers and current 40+ children** will have the necessary space and resources needed for a fully functional educational environment.
- Expansion to up to **40 more children**

Synagogue

With the new building we will have a centrally - located synagogue that can accommodate over 100 people, for both locals and travelers, with Shabbat and daily minyanim, and a Jewish library.

The potential of the new Chabad center is limitless...

- Join our efforts to keep Chabad of Japan moving forward and going strong.
- Play a significant role in bringing the joys of Jewish life to the far ends of the world.
